Aquatic Class Descriptions

MILD TO MODERATE

Aqua Barre - Similar to Aqua PiYo, this class creatively adapts ballet and Pilates exercises for the pool. Elongate the entire body with unique conditioning exercises. Improve strength, flexibility and posture while incorporating body awareness. Learn how to move the body as an integrated whole. Modifications are addressed with most exercises.

AquaLite - Designed to improve mobility, strength and general fitness with low impact. Recommended for those who have joint pain, restricted mobility or are recovering from an injury.

Aqua Xpress - A 30 minute high energy class that uses water resistance and body weight to challenge your cardiovascular system and muscle strength. Optional 10 minute core and stretch workout at the end.

Family Swim - This is open swim with no instruction, parents must be within arms reach of children (under 8 years of age) at all times. Children in diapers must wear Lil' Swimmers™ or equivalent. Max three children (up to 15yrs) per adult. Minimum of one child required, guardian must be in the pool area with the children at all times. Free for Members, Non-Members \$15.00.

MODERATE TO CHALLENGING

Aqua Rev-up - A 45-minute of high intensity cardio and strength workout that will increase your energy levels for the rest of the day.

Aqua Rise - This 45-minute class uses water resistance and body weight in a low impact setting. While focusing on core stability and cardiovascular movements this high energy class is designed to challenge and motivate you. A great way to start the day!

Aqua Strength - This is a strength-based class. Using various fitness equipment and aquafit based principles, the class is guaranteed to work your whole body with minimal impact on the joints. Deep and shallow options offered. Everyone welcome, no experience necessary.

Deep Water Running - If you enjoy running and want a high intensity workout with zero impact, try deep water running! It is a great cross training activity that will improve your cardio strength and help prevent injuries. A float belt will be provided, and you must be comfortable in deep water (approx 6ft). Xpress classes are 30 minutes.

Power Hour - A 60-minute high energy class that uses water resistance and body weight to challenge your cardiovascular system and muscle strength. Deep and shallow options are incorporated. Everyone welcome.
