YWCAVAN.ORG
MESSAGE FROM THE CHAIR AND CEO

Thanks to the generous support of our donors and partners, 2019 was another successful year for YWCA Metro Vancouver.

We continue to make significant strides in our work, pursuing our goals of advancing gender equality and ensuring women and families have access to the supports they need to thrive.

During the first part of 2019, we engaged our board and staff in the strategic planning process. In October, we launched a new three-year road map that builds on the progress of our current work and maintains the overarching themes that guide our organization every day: safety and wellness; opportunities for families; and hope for the future.

We know that making progress in our mission means taking bold, decisive action. The YWCA’s strong voice and trusted leadership in the community energizes us to focus on four key priorities. These include engaging in advocacy to achieve systemic change; working as allies alongside Indigenous leaders and Indigenous women and girls in their pursuit of substantive equality; uplifting the emerging understanding of gender identity and shifting our organizational practices in response; and seeking opportunities to build new housing for single mother-led families. Each of our decisions as an organization will be measured against the progress we can make in these areas.

Affordable housing plays a critical role in a single mother’s path to personal and economic independence. In December we opened the doors to YWCA Pacific Spirit Terrace, a 31-unit housing community developed in partnership with the City of Vancouver and Vancouver Fire and Rescue Services. We also made progress on two developments: YWCA St. Georges, 14 units of long-term housing in the City of North Vancouver being built in partnership with Chard Development Ltd., and the YWCA Arbutus Project, a 125-unit housing community that will be operated in partnership with Tikva Housing Society and the Association of Neighbourhood Houses of BC. Of these units, 32 will be operated by the YWCA. We expect construction to be completed in late 2020 and early 2021 respectively.

In 2019 we launched several programs that focus on the training and employment needs of women. In addition to programs in trucking and tourism, we launched new programs for minority, newcomer and refugee women in tech and the non-profit sector and expanded our services for survivors of violence. We also partnered with the Social Research and Demonstration Corporation to examine how employment supports impact the success of refugee and highly skilled immigrant women. WorkBC granted us a new five-year contract and partnered with us to expand services to the Tri-Cities and operate three additional WorkBC Centres.

The YWCA’s financial health and resiliency is in part thanks to investments in our social enterprises. This includes the ongoing expansion of the YWCA Hotel, which will add 65 new rooms, and leasing a new facility to launch the YWCA Health + Raquet Club.

Early in 2020, the world was suddenly and deeply altered by a global pandemic. COVID-19 changed YWCA operations and service delivery almost overnight and impacted these social enterprises that normally provide stable, reliable income to support our programs and service. Staff throughout the organization showed incredible adaptability and flexibility, and our prudent financial management ensures that we will continue our work.

What the pandemic has shown us is that the issues for which we advocate have never been more important and the need for our programs and services never greater. The YWCA has weathered challenging storms before, and we move forward with our mission and values firmly in place. We will adapt as we need, while continuing to support mothers and children as we always have done.

Sincerely,

Lisa Coltart
Board Chair

Deb Bryant
CEO
