AquaGroove - Elongate your muscles and strengthen your whole body while “grooving” to the beat of your favorite hits! High and low impact are always options. **Deep AquaGroove** requires a float belt or people can take part in the shallow end if they prefer.

AquaLite - Designed to improve mobility, strength and general fitness with low impact. Recommended for those who have joint pain, restricted mobility or are recovering from an injury.

Aqua Rise - This class uses water resistance and body weight in a low impact setting. While focusing on core stability and cardiovascular movements this high energy class is designed to challenge and motivate you. A great way to start the day!

Aqua Rev Up - A high intensity cardio and strength workout that will increase your energy levels for the day and support a good night's sleep.

Aqua Pilates - A type of aquatic suspension training activates the core, builds strength and mobility without joint load, increases performance, and improves balance recovery. An advanced strength workout done on a diagonal line with front, side and reverse planks.

Power Hour - A high energy class that uses water resistance and body weight to challenge your cardiovascular system and muscle strength. Deep and shallow options are incorporated.
